ePAL PROGRAM INFORMATION

Dear Parents and Carers

At Mango Hill State School parents have the opportunity to nominate their child for the ePAL program, in which students bring their own privately owned and managed device to school to support their learning. *This program is optional.* The recommended devices are iPads and Microsoft Surface Pro. Most families at Mango Hill choose to bring iPads, hence the supporting information below details information about iPads. Should you wish to purchase a Microsoft Surface Pro, please email ePal@mangohillss.eq.edu.au for detailed information about these devices.

Why ePAL?

The aim of the ePAL (electronic Portable Anytime Learning) program is to create a *balanced, integrated and innovative* approach to the use of technology in our learning environments. It strongly encourages the community school value of **Innovation**. ePAL supports our Mango Hill State School eLearning vision to educate and engage students, utilising the rapidly developing and changing world of technology. The whole school actively uses and promotes ICT opportunities that are purposeful, engaging and intrinsically linked to curriculum, quality teaching practice and maximising student learning outcomes. eLearning at MHSS provides opportunity for students to access, evaluate and transform information beyond the immediate task.

Students will use their device for a range of purposes throughout all stages of learning, such as planning and researching; applying and deepening knowledge; reflecting, evaluating and sharing. **It is not expected that these devices will be in constant use, nor replace the important need for students to learn to read and write using more traditional forms.** Similar to all teaching and learning tools in our school, the devices will be used to enrich the learning experience.

Why iPads?

The Department of Education supports the iPad platform and DoEs wireless infrastructure in schools has been configured to accommodate this device. Recent iPad models, regularly updated, do not pose major security risks to network infrastructure. The iPad is suitable because:

- Wireless access to the Department of Education’s filtered Managed Internet Service is possible.
- A wide range of versatile apps are available to support all areas of the curriculum.
- Students are able to create a diverse range of high quality digital content with limited training in the use of the applications.
- One swipe and the iPad is on and ready to be used.
- The device is lightweight and portable.

Minimum Specifications for Purchase

The following outlines the minimum and recommended requirements of an ePAL device for our students. If parents/carers purchase contrary to these specifications the device may not meet functionality and/or security requirements. The school will make every effort to ensure the device works on our school network and accesses the full possibilities of the technology; however, the school makes no guarantee this will be possible.

Minimum Requirement	Recommended Requirement
iPad 5 th Gen (2017 Model) 32GB	iPad 7th Gen (2019 Model) 128GB or higher

iPad	Release date	Final supported iOS/iPadOS	Support ended	Support lifespan from Apple as at 12.10.21
iPad Air	1/11/2013	iOS 12.4.2	26/09/2019	> 5 years, 10 months
iPad Air 2	22/10/2014	latest iPadOS (15+)	(current)	> 7 years
iPad (5th Gen/2017 9.7")	24/03/2017	latest iPadOS (15+)	(current)	> 4 years, 7 months
iPad (6th Gen/2018 9.7")	27/03/2018	latest iPadOS (15+)	(current)	> 3 years, 7 months
iPad Air (3rd Gen/2019 10.5")	18/03/2019	latest iPadOS (15+)	(current)	> 2 years, 7 months
iPad (7th Gen/2019 10.2")	30/09/2019	latest iPadOS (15+)	(current)	> 2 year, 1 month
iPad (8th Gen/2020 10.2")	18/09/2020	latest iPadOS (15+)	(current)	> 1 year, 1 month
iPad Air (4th Gen/2020 10.9")	23/10/2020	latest iPadOS (15+)	(current)	> 1 year
iPad (9th Gen/2021 10.2")	24/09/2021	latest iPadOS (15+)	(current)	> 1 month

Legend:	Discontinued & unsupported	Discontinued, but still supported	Current or still sold
----------------	----------------------------	-----------------------------------	-----------------------

NOTE:

- **We recommend the iPad 5th Generation or higher as these are best supported using Apple iOS15.**
 - **iPad Air 2 is expected to stop being supported by the end of 2022 when iPadOS16 comes out.**
- **iPads that are too old may have significantly less functionality or not support as many features compared to other student iPads, and as Apple no longer supports the updates of these devices, there is little we can do to assist students if they run into problems when using these older devices at school.**
- **iPad Minis are also not recommended for use at school, as the smaller screen size makes it incompatible with some apps. Minis 1-3 are no longer supported by Apple also (so not on the latest iPadOS).**

Does the iPad need 3G or 4G?

At school, the use of mobile data such as 3G and 4G is not permitted. Students should always access the internet through the DET Wi-Fi network that ensures they are using the secured environment provided by the Department of Education.

Where Should I Purchase the Device?

The device can be purchased at any retailer. **We strongly recommend that the device has a robust protective case suitable for student use.**

Responsibilities - Student, Parents and School

Parents and Students

- Parents and students agree to and sign the terms and conditions of the ePAL Student Participation Agreement. Parents and students continue to discuss acceptable use guidelines for personal device use at school.
- Parents agree to purchase and manage nominated apps required to support student learning. (*The basic start-up suite of apps, suggested by the school, provides cross-curricular functionality and gives students the opportunity to engage in a vast range of digital learning.*)
- Parents manage Apple ID or Apple Accounts. (*By law, students under the age of 13 are unable to have these accounts. **Apple Family sharing** allows parents to set up a parental account then create accounts for their children and all app purchases are then shared between the family. This is the recommended method for Apple accounts, rather than your child using your account.*)
- Parents to ensure device is regularly updated and backed up either to a home computer or iCloud.

Apps

All apps are purchased through the Apple App Store. We attempt to keep the cost of apps to a minimum for families. Once the app is downloaded to an account, it can be shared across multiple devices. Therefore, parents/carers who have more than one child in the program can purchase the suite and share across the devices. The app developers may periodically upgrade these apps and therefore parents need to ensure updates are completed at home. For most apps the cost is a one off purchase.

The School

- The School will provide a lockable storeroom for the devices during school breaks.
- Classroom teachers will regularly revisit the safe and acceptable use of the devices with all students.
- Classroom teachers will discuss the participation agreement with the students, so that all are aware of the acceptable use guidelines of their personal device whilst at Mango Hill State School.
- Classroom teachers will support students with the configuration of the device to access the approved Department of Education secure Internet filtered environment as well as the use of applications throughout all stages of learning.
- The eLearning Committee will ensure that the list of recommended apps provide cross curricular functionality and give students the opportunity to engage in a vast range of digital learning in line with the MHSS vision.
- The school will maintain professional development for teachers working in the program.
- Throughout the year the school will host information sessions for parents and students that will focus on the management of the devices and using applications to create digital content.

The Process

- Parents sign and return the agreement to the school office or classroom teacher prior to the device being connected to the school network.
- Parents purchase and setup device.
- Parents download the listed apps.

ePAL Student Participation Agreement

General Use

1. I understand it is recommended that I bring my iPad / Microsoft Surface (to be called Device) to school each day.
2. I will ensure my device is charged at the beginning of each school day.
3. I will leave my device charger at home unless directed to bring it to school under special circumstances.
4. I will hold my device with two hands when carrying it and will walk with it at all times.
5. I will bring my device into the classroom at the start of each day. It is strongly recommended that the device has a robust protective case suitable for student use.
6. I am not permitted to allow other students to use my device at school.
7. I will keep food and drinks away from my device at school.
8. I will immediately report any accidents or breakages to my parents and teachers who will inform my parents via a phone call.

Content

9. I will use the device only to support my school learning program whilst at Mango Hill State School.
10. I will download and use the Mango Hill SS Suggested Apps at school to support my learning.
11. All Cloud applications will be **turned off** while I am at school. E.g.: iMessage, streaming, Live Streaming (e.g.- Minecraft)
12. I understand that some of my work will be shared with my teacher using the Showbie app, air server and school email and teachers will use Classroom 2.0 for management and sharing.
13. I am not permitted to use the Internet at Mango Hill State School to download non-learning related audio/video files, website content music, television or apps.
14. I am responsible to ensure my device is backed up at home.
15. I am responsible to ensure my app updates are completed at home. The Mango Hill State School Internet network cannot be used for app updates.

Safety and Security

16. Whilst at school, I will only connect my device to Education Queensland's Managed Internet Service. I am not permitted to access the internet using mobile data, 3G or 4G connections.
17. I will come to school with my iPad turned off and all apps closed down.
18. Whilst at school, I will only go to websites, which support my learning activities.
19. I will be Cybersafe and Cybersmart when using the Internet. I will demonstrate *Care for Others* when using my device.
20. I will use the device lawfully and in accordance with the Appropriate Use/Behaviour of School Network guidelines regarding ethical use of equipment, technology, use of legal software, use of the Internet and the protection of personal data.
21. For security reasons, I am not to share account names and passwords with anyone unless requested by Mango Hill State School staff.
22. I am responsible for the security and use of the device while at Mango Hill State School. A lockable storeroom or classroom will be provided for students to store their device during breaks.

Overall

23. I understand if the above conditions are not followed, consequences will be issued. I understand that if I regularly breach the ePAL Student Participation Agreement, authorisation to use my device at school will be removed for a period of time.

Third Party Website Consent Form

Privacy Notice

The Department of Education and Training is collecting your personal information on this form in order to obtain consent for disclosure of a student's personal information to facilitate registration and use of third party web based software identified on the form. The information will be used and disclosed by authorised school employees for the purposes outlined on the form.

Student personal information collected on this may also be used or disclosed to third parties where authorised or required by law. This information will be stored securely. If you wish to access or correct any of the personal student information on this form or discuss how it has been dealt with, please contact your student's school in the first instance.

Dear Parents and Carers

The use of web based educational resources has risen steadily over the last decade. Teachers are increasingly using these resources across Queensland to improve student-learning outcomes. Our school and teachers make decisions about the best technology to meet the needs of our students. While the Department provides most of the resourcing we use at school, sometimes a need exists that is not included. On these occasions, it is beneficial for students to utilise services provided by third party web based providers.

Our school wishes to utilise the third party web based service providers listed below to aid students learning. For your child to use these services, their teacher will need to register them as a user. Registering with these providers requires student personal information to be disclosed to the provider of the service. Registration **may** include disclosing information such as students name, year group and class teacher.

In the case of the services outlined below they are private companies that are hosted *onshore in Australia and/or outside of Australia*. Outside of Australia means that data that is entered to register for these sites will be stored on servers that are not based in Australia and therefore are not bound by Queensland's privacy laws.

We need your permission for the registration and use of these sites by your child. Please complete the consent form below and return it to your child's teacher. Note: It is not compulsory for you to provide this consent – If you decide not to provide consent, this will not adversely affect academic achievement, or any relationships with teachers or the school.

Please read these and ensure that you understand the implications of using this service before giving your consent. If you have any queries around the storage of student's information, please feel free to contact the Principal. Please note that, given the significance that these services provide, the school will contact you to discuss your reasons should you not consent or fail to provide a response.

Below is a list of the third party web based service providers we utilise at Mango Hill State School.

<p>Name of Provider Renaissance - Accelerated Reader (Cost involved - Part of the SRS)</p> <p>Risk Level Medium- Student First Name and Initial of Surname</p> <p>Type of Service The purpose of this website is to promote and provide access to a product designed to develop a student's ability to read English.</p> <p>Website https://www.renaissance.com/products/accelerated-reader/</p> <p>Privacy Policy https://www.renaissance.com/privacy/</p> <p>Terms of Use https://www.renaissance.com/terms-of-use/</p> <p>File Storage Accelerated Reader store student personal information in the United States of America (USA).</p>	<p>Name of Provider Matific Maths (Cost involved - Part of the SRS)</p> <p>Risk Level Medium - Student First Name and Initial of Surname</p> <p>Type of Service The purpose of this website is to provide online lessons to learn the fundamentals of mathematics.</p> <p>Website https://www.matific.com/au/en-au/home/</p> <p>Privacy Policy https://www.matific.com/au/en-au/home/privacy/</p> <p>Terms of Use https://www.matific.com/au/en-au/home/terms/</p> <p>File Storage Matific store student personal information in the United States of America (USA). Ms Tracy Egan
Principal

Third Party User Consent Form

Please complete and return to your child's class teacher. Children require their own individual permission form.

Student name: _____

Year level: _____

Please **circle your choice** (or cross out which does not apply) to your child's information being provided to each of the third party providers for the provision of an educational service.

Please circle your consent choice below

Accelerated Reader	Do consent	Do not consent
Matific Maths	Do consent	Do not consent
Reading Eggs	Do consent	Do not consent
Showbie	Do consent	Do not consent
Class Dojo	Do consent	Do not consent

I have read the terms of use and privacy policy of each of the websites listed. I understand that my child's personal information – as described in this information letter - will be provided to these third party software providers for the purpose of my child's registration and use of the software programs and that this information may be stored outside of Australia.
